Dear Michael

**Congratulations we settled!**

Thankyou again for your dedicated support in helping us achieve the business sale within 12 months, it was the perfect outcome achieving settlement within our relatively short timeframe.

Your ability to field all the enquiries for us and sort them into qualified leads was perfect. It saved us a lot of time and made it easy to assess the possibilities.

I would happily recommend your services as a business broker and advisor to prospective clients, feel free to pass this on.

With my best regards

Best
